- \_ Requests for tax rulings from the tax authorities
- \_ Tax-optimised purchase and sale of companies and succession planning
- \_ Advice on value added tax
- \_ Completion of property gains tax returns
- \_ Enquiries regarding transfer tax on real property
- \_ Advice on tax at source
- \_ Social security and pension planning
- \_ Cross-border tax consulting/relocation issues

We offer a comprehensive tax consulting service for corporations as well as individuals:

#### Your benefits

For individuals, we consider not only tax but also look at the pension and insurance aspects of their situation. For the corporate segment, our consulting takes into account business and accounting issues. In this way we can recognise tax risks, support you in the preparation of your annual financial statements, advise you on the restructuring of your company and help with your succession planning.

We also have considerable experience of handling cross-border cases, which we assess and optimise in collaboration with foreign tax advisors.

#### Your core benefits include the following

- \_ Optimisation of your tax burden in the long term
- \_ Assurance that your income and assets declaration is in compliance with the law
- \_ Representation vis-à-vis all tax authorities, checking your tax assessments and invoices
- \_ Binding rulings on tax-neutral restructuring concepts before implementation
- \_ Tracking of legislative developments to your advantage
